

Policy Name: Electronic Signature - SOMI
Policy Number: ADM 10.05
Title of Policy Owner: Director of IT
Policy Type: RHEI/Shared Services BSMCON SCHS SOMI
Approved by: RHEI Leadership Team
Effective Date: 8/1/2023
Version: 1.0
Policy Status: Approved

I. Policy

This policy explains the School's use of electronic signature technology to collect signatures from students.

II. Purpose

To establish guidelines and procedures regarding the use of electronic signatures at the School. To promote efficiency, security, and legality in electronic transactions, while ensuring compliance with applicable laws and regulations.

III. Scope

All prospective and enrolled students.

IV. Definitions

Electronic Signature (E-Signature): An electronic symbol (name, initials, etc.) or process attached to or logically associated with a record and executed or adopted by an individual with the intent to sign the record.

E-Signature Platform: A secure and approved platform provided by the School for creating, storing, and verifying electronic signatures.

V. Policy Details

Acceptance of Electronic Signatures

The School recognizes Electronic Signatures (E-Signatures) as legally binding and equivalent to handwritten signatures, subject to applicable laws and regulations. The School may offer the option for E-Signature at its discretion. The School may choose to use handwritten signatures for some activities.

E-Signature Platform

The School will provide an approved and secure E-Signature Platform for students to create, store, and verify their E-Signatures.

The E-Signature Platform will document the date of electronic signature.

Any issues with the E-Signature Platform should be reported to the School Information Technology (IT) support team. Any student needing training around the use of the E-Signature Platform may contact the School IT support team.

Record Retention

The School will maintain electronic records of E-Signatures in compliance with applicable laws, regulations, and ADM 1.04 Records Management policy.

Students are responsible for retaining copies of electronically signed documents for their personal records and reference.

Authenticity and Security

Students should attempt to maintain the confidentiality and security of their E-Signature Platform login credentials by taking reasonable precautions to prevent unauthorized access. Intentionally sharing one's credentials with another person or using another student's credentials would constitute a violation of this policy and may result in disciplinary or legal consequences in accordance with applicable policies and laws.

Students should promptly report any suspected unauthorized use of their E-Signature to the School's Director of Information Technology.
