

POLICY S15 Anti-Hazing

Policy Name: Anti-Hazing Policy Category & Number: S15 Person Responsible: Director of Compliance and Risk Management Approved by: RHEI Leadership Effective Date: September 6 th , 2022 Version:1.0 Policy Status: Approved

I. Policy:

Anti-Hazing

II. Purpose:

This policy protects the health and safety of students by prohibiting hazing at all times and in all situations at the School, either on or off campus.

This Anti-Hazing Policy (the "Policy") describes prohibited conduct, explains how individuals may report a complaint of hazing, how the School will address reports of hazing, and available resources.

III. Scope:

This Policy prohibits Hazing (as defined below) and applies to all persons and groups associated with the School including, but not limited to, Associates, Volunteers, students, student organization advisors, teams, fraternities, sororities, and other recognized student organizations. The School has adopted a formal process for receiving hazing complaints, conducting investigations, and ensuring compliance with this Policy.

In no way does or will this Policy serve in lieu of or as a substitute for any criminal legal processes.

IV. Policy Statement:

Reporting

The School encourages the reporting of Hazing or Retaliation, as defined here. Incidents can be reported to the Director of Student and Alumni Affairs or the Dean of Administration. Anonymous reports are accepted; however, the School's

POLICY S15 Anti-Hazing

ability to obtain additional information may be compromised and the ability to investigate anonymous reports may be limited.

All School Associates and Volunteers are required to report knowledge of Hazing to the Director of Student and Alumni Affairs or the Dean of Administration, except Associates and Volunteers bound by confidentiality (professional counselors and clergy).

Director of Student and Alumni Affairs

The Director of Student and Alumni Affairs, in collaboration with the Director of Compliance and Risk Management, is responsible for the prompt response to reports of Hazing, as well as training, education, communication, and administration of grievance procedures.

V. Policy Details:

St. Mary's Hospital School of Medical Imaging (SOMI or the "School") is committed to maintaining an educational environment that promotes the health and safety of its students. Hazing is an unproductive and hazardous activity that is incongruous with this responsibility and has no place at the School, either on or off campus.

Hazing

As it is impossible to anticipate every situation that could involve Hazing, this list does not encompass every circumstance that will cause the School to discipline for Hazing. This Policy is not intended to prohibit the following conduct: contests or competitions that are sponsored by the School or the organized and supervised practices associated with such events, or any activity or conduct that furthers the goals of a legitimate educational curriculum, or extracurricular program as approved by the School.

Hazing shall include any action or situation created by one or more members, or advisors, of a student organization toward other organization members or prospective members that recklessly or intentionally endangers the health or safety of a student or students or inflicts bodily injury on a student or students in connection with or for the purpose of initiation, admission, affiliation, or ongoing membership in the organization, including not be limited to, forcing, compelling,

POLICY S15 Anti-Hazing

requiring, encouraging, or expecting, whether direct or implied, any individual to participate in any of the following actions or activities:

- 1) Paddling;
- 2) Kidnapping;
- 3) All forms of physical activity which are used to harass, punish, or harm an individual;
- 4) Excursions or road trips;
- 5) Confinement;
- 6) Spraying, painting, or pelting with any substance;
- 7) Burying in any substance;
- 8) Nudity with the intent to cause embarrassment;
- 9) Servitude;
- 10) Exposure to uncomfortable elements;
- 11) Verbal abuse;
- 12) Wearing of apparel which is conspicuous and/or indecent;
- 13) Forcing consumption of alcohol or any other substance, legal or illegal;
- 14) Being forced or coerced to engage in any kind of sexual activity;
- 15) Depriving students of sufficient sleep (six consecutive hours per day is normally considered to be a minimum);
- 16) Coerced burning, branding, or tattooing any part of the body;
- 17) Psychological hazing, defined as any act which is likely to: (a) compromise an individual's dignity; (b) cause an individual embarrassment or shame; (c) cause an individual to be the object of malicious amusement or ridicule; or (d) cause an individual emotional distress;
- 18) Interrogating an individual in an intimidating or threatening manner;
- 19) Misleading prospective members in an effort to convince them that they will not become members unless they complete tasks, follow instructions, or act in a certain way;
- 20) Misleading prospective members into believing that they will be hurt during induction or initiation;
- 21) Carrying any items (shields, paddles, bricks, hammers, etc.) that serve no constructive purpose or that are designed to punish or embarrass the carrier;

POLICY S15 Anti-Hazing

- 22) Blindfolding and parading individuals in public areas, blindfolding and transporting in a motor vehicle, or privately conducting blindfolding activities that serve no constructive purpose;
- 23) Binding or restricting an individual in any way that would prohibit them from moving on their own; and
- 24) Requiring or suggesting that an individual obtain or possess items or complete tasks in an unlawful manner (i.e. for a scavenger hunt).
- 25) Prohibiting an individual from social contact or from associating with other individuals or groups.*

Hazing also includes soliciting, directing, aiding, or otherwise participating actively or passively in the above acts.

* Examples above have been adapted from the Commonwealth of Virginia's model hazing prevention policy as developed by the State Council of Higher Education for Virginia (SCHEV).

Notification

The School will provide notice of this Policy to Administrators, organization advisors, students, and all organizations at the beginning of each academic year. This Policy is posted in the School's safety policies and is to be referenced or included within the by-laws and other governing documents of student organizations to the extent they exist.

Location

This Policy encompasses all acts of Hazing that occur whether on or off campus. As such, an act of Hazing by an individual or organization will be viewed by the School as a violation of this Policy, regardless of where the act of Hazing took place.

Consent

An individual may not Consent to being hazed, and a victim's voluntary or willful participation in Hazing activities will not be considered as a defense against a violation of this Policy by an individual or organization.

Reporting

POLICY S15 Anti-Hazing

The School's primary concern is the safety of its Campus community and members. All reports of Hazing will be taken seriously. The use of alcohol or drugs or participation in the Hazing activities never makes the victim at fault. Moreover, victims or bystanders should not be deterred from reporting incidents of Hazing in good faith.

To improve the School's ability to thoroughly investigate, fact find, and address acts of Hazing, prompt reporting is strongly encouraged. Allegations of Hazing, however, may be reported at any time. Delays in reporting may result in a loss of relevant evidence and witness testimony and may impair the School's ability to respond and take appropriate action.

Any person may report Hazing to the Director of Student and Alumni Affairs or Dean of Administration. Online reports, including anonymous reports, can also be submitted on the School's crime reporting webpage. Reports may be made in person, by mail, telephone, electronic mail, or by any other means that results in the Director of Student and Alumni Affairs or Dean of Administration receiving the person's verbal or written report. In-person reports must be made during normal business hours, but all other reports can be made at any time, including outside normal business hours.

The names and contact information for the Director of Student and Alumni Affairs and the Dean of Administration are:

POLICY S15 Anti-Hazing

Disciplinary Immunity

The School community encourages the reporting of Hazing behavior or Retaliation. Parties or witnesses may be hesitant to report this behavior or participate in an investigation because they fear that they may be in violation of certain policies, such as underage drinking or illicit drug use at the time of the incident. To encourage reporting under this Policy and participation in the investigation process, the School will not pursue disciplinary action against bystanders who report acts of Hazing. Such individuals will be permitted immunity from disciplinary action or otherwise applicable punitive actions or negative consequences outlined in this or other institutional policies, including those related to the personal consumption of drugs or alcohol, in cases where the bystander makes a good faith report in advance of or during an incident of Hazing that causes or is likely to cause injury to a person. This provision does not apply to more serious allegations such as physical abuse of another or illicit drug or alcohol distribution that contributed to the commission of a policy violation.

Institutional Investigation and Sanctions

The School will investigate, address, and act in accordance with this and any related policies, procedures, and protocols (i.e., Student Conduct, academic integrity standards, and employee conduct policy) regarding all reports of Hazing. Moreover, as Hazing serves as a criminal offense according to Virginia Code § 18.2-56 and in many other jurisdictions, School will refer all allegations of Hazing to local law enforcement.

Based on the facts and circumstances, associates and students who commit Hazing are subject to the full range of School discipline including: verbal reprimand; written reprimand; mandatory training, coaching, or counseling; mandatory monitoring; partial or full probation; partial or full suspension; fines; expulsion or termination (permanent separation from the School); physical restriction from School property; cancellation of contracts; and any combination of the same.

Individuals and organizations may be held responsible for Policy violations. If an investigation concludes an individual or individuals directed, engaged in, contributed to, or otherwise participated in, actively or passively, an incident of

POLICY S15 Anti-Hazing

Hazing, disciplinary action may be imposed against the individual(s). If the investigation concludes an organization knowingly permitted, authorized, or condoned Hazing, disciplinary action may be imposed against the organization.

Additionally, such prohibited actions may also be in violation of state, local, or federal law.

Retaliation

It is a Policy violation for an individual or organization to retaliate against a student or other person for making a good faith complaint of Hazing under this Policy or cooperating in any investigation or disciplinary proceeding. Any report of Hazing-related Retaliation will be processed under this Policy in the same manner as a Hazing report. The School retains discretion to consolidate Hazing-related reports for investigation and/or resolution purposes if the reports share a common nexus. Any acts of Retaliation, as defined in this Policy, shall be grounds for disciplinary action, up to and including dismissal for students and termination for Associates or Volunteers.

Confirmed Incidents Reporting

In compliance with Virginia Code § 23.1-822, School shall annually maintain and publicly report actual findings of violations of this Policy or federal or state laws pertaining to Hazing that are reported to School authorities, or local law enforcement. The report will not include personally identifiable information and will be available via the School's homepage and Student Organizations webpage or its equivalent. School will also provide a hardcopy notice of the nature and availability of the report to all student orientation participants and annually submit the report to the Timothy J. Piazza Center for Fraternity and Sorority Research and Reform at The Pennsylvania State University.

Prevention Training

In compliance with Virginia Code § 23.1-820, student organizations with membership: (1) invitation processes, (2) initiation processes, and (3) a period between invitation and initiation must be provided School-sponsored Hazing prevention training. All potential, new, and current members and advisors of organizations meeting the aforementioned criteria must complete the prevention

POLICY S15 Anti-Hazing

training annually by the term or semester deadline determined and communicated by the School. Prevention training competition deadlines and requirements will be communicated to students using School's formal communication channels at least 14 days prior to the complete due date. Training will include extensive, current, and in-person education about Hazing, the dangers of Hazing, including alcohol intoxication, and Hazing laws and policies, and the training will also explain that the School's disciplinary process is not to be considered a substitute for the criminal legal process.

Advisor Requirements

Advisors of student organizations outlined by the Policy must meet all criteria outlined by Virginia Code § 23.1-820 and approved by the School. Advisors must also complete the aforementioned Hazing prevention training annually. Further, advisors shall be present or on the premises at all new member events as outlined in Virginia Code § 23.1-820.

Resources

The School provides resources to students and associates regarding education and support services for victims of Hazing. Educational modules pertaining to Hazing and safety awareness will be offered annually to all enrolled students. Educational modules pertaining to Hazing must be completed by all student organizations and potential members that meet the aforementioned criteria during a student organization meeting or event. An authorized Associate must also be present during the facilitation and completion of the Hazing education modules. Audio visual resources on safety awareness are available in the library. These may be used for curriculum infusion. Students are also encouraged to utilize all available student assistance program, campus, and community resources, as appropriate.

VI. Definitions:

Administrator: A president, vice-president, dean, head of a school, director of a program or campus office, or designee of one of the aforementioned individuals.

Associate: Full-time, part-time, adjunct, PRN, and teaching faculty, administrators, classified staff, and wage parties employed by or working on behalf of School or on behalf of School.

Coercion: Direct or implied threat of force, violence, danger, hardship, or retribution sufficient to persuade a reasonable person of ordinary susceptibility to perform an act which otherwise would not have been performed or acquiesce in an act to which one would otherwise not have submitted.

Complaint: A verbal or written report shared with any School Associate describing the alleged act of Hazing.

College Authority: A person or entity contracted or authorized by the School to provide campus security or law enforcement support services to the campus.

Consent: Words or actions that show a knowing and voluntary agreement to engage in an activity. Consent cannot be gained by force, by ignoring or acting despite the objections of another, or by taking advantage of the incapacitation of another. This includes impairment or incapacitation due to alcohol or drug

POLICY S15 Anti-Hazing

consumption that meets this standard or being asleep or unconscious. Consent cannot exist when the activity in question exceeds the scope of Consent previously given.

Force: Physical influence, violence, threat, intimidation, or coercion.

Immunity: A state of being excused from otherwise applicable Student Conduct Code or institutional punitive actions or negative consequences.

Organization: Association, club, cooperative, corps, fraternity, order, society, sorority, or other similar group, whose members primarily are students of the School.

Retaliation: Retaliation is intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured by applicable institutional policy or by state, local, or federal regulations because an individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this Policy.

Student: Any person who is enrolled in or matriculating from the School, registered or in attendance in a program operated by the School, or who has been accepted for admission into any program operated by the School.

Remedies: Actions taken on behalf of the School to prevent, address, rectify, or implement consequences due to a violation or potential violation of institutional policy.

Volunteers: Any non-employee authorized by the School to provide student or student organizational support or advisory services.
